

Websites

For Small Business & Commerce, Self Employed, Club and Family

The screenshot shows a web browser displaying the website 'Portail Suisse Romande'. The page features a navigation menu with 'Accueil', 'Nos Amis', 'Services', 'Boutiques', and 'Photos'. A large image of a golden retriever is shown on the left, and the text 'Mon Pedigree' is prominently displayed on the right. Below the main content, there is a search bar and a date indicator 'Dimanche, novembre 28, 2010 24:21:28'. The main content area includes a 'Menu Principal' with links to 'Accueil', 'Nos Amis', 'Services', 'Boutiques', 'Photos', 'Abonnez-vous', and 'Contactez-nous'. A green banner reads 'Ce portail est actuellement' followed by 'Bonjour et bienvenue !'. Below this, a paragraph describes the portal's focus on cats, dogs, and horses in Switzerland and France, listing services like 'Cabinets Vétérinaires', 'Éleveurs', 'Toiletage', and 'Boutiques'. A second green banner reads 'Phénomène de société urbaine développée' and discusses the trend of pet ownership in developed societies.

Swisstronix has over 15 years of website design know-how. In addition to designing your web, we can also provide the full range of services:

- Hosting on prime grade servers with full redundancy capability for 99.9% uptime

 SwissTronix s'engage à un service clientèle dynamique

Client webs are located on a 4th generation state-of-the-art grid hosting infrastructure able to ensure 99.9% uptime. This is the same technique used with large corporations hosting mission-critical web sites. Multiple securities discourage attempts by hackers to disfigure or disrupt webs on the servers.
